

St Charles Borromeo School Development Fund

We would like to express our profound gratitude to the many families who so generously contribute to the School Development. We also appeal to any families who may not be currently contributing, to ask that you please consider doing so.

The School Development Fund allows us to invest in key projects directly benefiting the children that would otherwise not be available through state funding. All of these projects are closely scrutinised to ensure the investments make direct, positive impacts to the children's education.

In recent years, the fund has supported delivery of new laptops for pupils and teachers, air conditioning for two classes, the upgrading of interactive classroom screens and significant contributions to support teaching resources.

This dedicated fund is maintained by the School Governors – and we appeal for you to become a regular contributor.

<p>If you are in a position to contribute, the easiest way to make a donation is through a regular standing order to our Governors Fund account, using the details below:</p>	
Bank: HSBC	Sort code: 40-05-20
Account name: St Charles Borromeo School Governors, Xavier CET	Account number: 31259164
It would help immensely if you could please reference your standing order with your child's surname	To make an even bigger impact, if you are a UK tax payer please also complete a Gift Aid form, available here
<p>Thank you very much for your support!</p>	

Thank you very much for your support.
