

Pupil Premium 2018/19

Pupil Premium expected : £13,160

PLANNED SPENDING ACTIONS

There are currently 13 children within this funding category.

Learning and the Curriculum

- Providing a range of proven teacher and LSA led interventions.
- Precision Teaching and Snap to Maths
- Continuation of LSA taught maths intervention (small) groups.
- Teacher and LSA led smaller phonics groups across YR and KS1.
- In class support by TAs. Part of their role will be helping children focus on their individual targets, including those for slow movers in writing.

Pastoral & Emotional Support

Pupil Premium funding will again be spent on delivering pastoral and emotional support through delivery of Time to Talk and using our Home-School Link Worker. This will focus on issues such as self-esteem, social skills, anxiety and attendance, for example.

HLTA support for children who need support with life skills

Extra curricula

We will continue to use Pupil Premium funds to provide places on school and after school clubs as well as music lessons. We will also provide appropriate support to specific children or families for trips, swimming etc.

LAC children

We will have a focus on LAC children, using the Virtual School as support.

Measuring the Impact of PP funding

For specific interventions we will use baseline data. At termly Pupil Progress meetings we will review pupil progress to date and consider whether any further support can be targeted to help PP children reach between 4 and 6 steps progress and/or make expected (or better) progress.

At the end of the year we will study end of year Target Tracker data to ascertain which PP children reached/made expected (or better) progress and which children need further support.
