

St. Charles Borromeo
CATHOLIC PRIMARY SCHOOL
AND NURSERY

PSHE

**STATEMENT FOR THE TEACHING OF
PERSONAL, SOCIAL, HEALTH AND ECONOMIC
EDUCATION**

St Charles Borromeo Mission Statement

We will **grow** in our Catholic faith by praying and worshipping together.

We will work hard so that we can **learn** and be the best that we can be.

We will **work** together in our families, school, and parish and with those both near and far to make our world a better place for us all.

We will **follow** the example of Jesus and his teachings in all that we say and do.

PSHE STATEMENT

Personal, Social, Health and Economic Education (PSHE) will be taught in line with our Teaching and Learning Policy and making reference to the SEN and Assessment policies.

OBJECTIVES

The objectives for this subject will be as follows:

Our PSHE programme will support the development of the skills, attitude, values and patterns of behaviour, which will enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate and express feelings through pupil voice and peer mediation.
- Work effectively with others
- Respond to challenge
- Be an active partner in their own learning
- Become healthy and fulfilled individuals.
- Develop an understanding of how core values guide our lives and relationships with peers, family, local community and the wider world
- Demonstrate a good understanding of British Values

ORGANISATION

At St Charles Borromeo School we follow the Connect Programme which is based on a model called DNA-V which stands for – Discover, Noticer, Advisor and Values. Research shows that children’s emotional resilience improves when they learn these key skills. DNA-V exercises help children learn to use these skills in relation to how they see themselves and the social world. Teachers have access to the lesson plans and resources that help them to deliver the programme. In addition to this, we ensure that we follow the guidance given by the Diocese.

This is supplemented with values-led education and British values education. It is also taught through circle time activities and through a cross curricular, integrated approach, for example in R.E. and Science.

Assemblies support the delivery of PSHE through planned themes and are used to focus on specific themes.

CURRICULUM ENRICHMENT

Enrichment activities support the teaching of PSHE, for example, the residential experiences in Years 4-6 makes an important contribution to the pupils' personal and social development.

In addition to this, there are a range of workshops/visitors/school trips/themed days/weeks linked to all areas of PSHE, equality and diversity. Examples being:

Internet safety workshops
Anti-bullying Week
Disability Awareness
Financial awareness

Details of enrichment activities are kept by the PSHE Lead.

MENTALLY HEALTHY SCHOOLS

All of our MAT schools are involved in the Mentally Healthy Schools Project, which aims to ensure that all children in our schools know how to keep themselves mentally healthy. At St Charles, we are committed to ensuring that all children in our school will understand the importance of mental health and emotional well-being, and how to support themselves and others. Through our PSHE curriculum and enrichment activities, they develop skills to identify and manage their emotions, as well as being equipped with tools to help them to cope both now and in the future.

PUPIL CONSULTATION

Pupils will be consulted on their own personal and social development through the School Council and co-ordinator monitoring. A buddying system is in place at the school, which involves pupils from Year 5 monitoring KS1 at playtimes. The Wizz Club, run by pupils of Year 6, targets the needs of specific children who need support in developing positive play routines.

RELATIONSHIP AND SEX EDUCATION

At St Charles Borromeo, we teach Sex Education based on the teachings of our Catholic faith. The subject is taught using Diocesan guidance and is supported by The Journey in Love programme. Parental permission is sought prior to the start of the course and parents have the right to withdraw their child from the sessions should they choose to. Further information regarding the teaching of Relationship and Sex Education is provided in the Policy for Relationship and Sex Education and through the curriculum documents from the Catholic Education Service (CES) and the diocese.

VALUES LED EDUCATION

Our school is a values based school. In an ever changing world, we believe in the importance of teaching our pupils set core values explicitly. Every month a different value is introduced to the children.

We believe that values-led education will:

- Encourage all of us to be the best that we can be
- Provide a moral framework
- Encourage reflective and ethical thinking
- Help us to understand and articulate the impact our behaviour can have on our friends, family, our school, local community and the wider world
- Encourage our community to develop and establish strong positive values on which to build lives
- Strengthen our sense of belonging
- Promote the giving and receiving of support and develop within us empathy towards all

During the school year the 'Value of the Month' is introduced through assemblies and story times, and communicated implicitly and explicitly within school through lessons, displays, role-modelling and pastoral care.

The experience offered through our Values Programme led by our staff provides a good foundation to develop children's academic and creative abilities as their efforts are valued and learning has a sense of purpose. Children are given the tools to equip them for the future both at school and as young adults.

BRITISH VALUES

We ensure that, in line with requirements, the fundamental British Values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs are promoted to our children. British Values are promoted within the curriculum, both discreetly and through cross curricular work in subjects such as R.E. Assemblies are also used to help the children to know how they can live them in their everyday lives. In addition to this, they are promoted through curriculum enrichment, with specific themed weeks and visitors e.g. UK Parliament and Justice Week.

RESOURCES

Each teacher has access to the Connect Programme, diocesan guidance and curriculum. Additional resources, including those for the teaching of our core values, are stored on the server and with the co-ordinator. Resources to support the delivery of assemblies are stored in the staff room. The co-ordinator is responsible for monitoring and updating these resources.

SPECIAL EDUCATIONAL NEEDS

A wide variety of strategies are used by teachers in order for each child to participate in PSHE lessons to the best of their ability.

ASSESSMENT AND RECORDING

Teacher assessment will be the principal method for assessing PSHE.

HEALTH AND SAFETY

Where there are Health and Safety implications, the children will be informed of these and closely supervised.

Any additional policies referred to can be viewed/downloaded from the school website (www.stcharlesb.surrey.sch.uk). Printed copies are available on request from the school office (tel. 01932 842617 or email info@stcharlesb.surrey.sch.uk)

All policies should be read in conjunction with central policies of Xavier CET which can be viewed/downloaded from xaviercet.org.uk
